To book a couples massage:

We would prefer if you book a couples massage via phone, email or message so that we can verify that we have two therapists available for your preferred date and time slot, but if you really can't wait, please try this. (Please don't hold us responsible if mistakes are made using this method – The booking system isn't really set up to be able to do this).

First select the type of couples massage you'd like (Currently only Traditional Thai or Swedish couples' massages are available).

Once you know which massage you require, check your preferred time slot with both massage therapists on our website.

EG. Select 1 hour Thai massage.

Book same time and date with each massage therapist and pay the required deposits.

Then write in the note section of the booking form – "I've booked 2 appointments at the same time – we want a couples massage in the same room, please?"

Good luck!
